

Standard Safe Diving Practices Statement of Understanding

Please read carefully before signing.

This is a statement in which you are informed of the established safe diving practices for skin and scuba diving. These practices have been compiled for your review and acknowledgement and are intended to increase your comfort and safety in diving. Your signature on this statement is required as proof that you are aware of these safe diving practices. Read and discuss the statement prior to signing it. If you are a minor, this form must also be signed by a parent or quardian.

l, _	(Print Name)			understand tha	t as a diver I sh	nould:			
1.	Maintain good mental and physical fitness for diving. Avoid being under the influence of alcohol or dangerous when diving. Keep proficient in diving skills, striving to increase them through continuing education and reviet them in controlled conditions after a period of diving inactivity, and refer to my course materials to stay current refresh myself on important information.						reviewing		
2.	Be familiar with my dive sites. If not, obt conditions are worse than those in which conditions. Engage only in diving activities technical diving unless specifically trained	ch I am expe ties consiste	erienced, ent with	postpone divir	ng or select an	alternate	site w	ith better	
3.	3. Use complete, well-maintained, reliable equipment with which I am familiar; and inspect it f prior to each dive. Have a buoyancy control device, low-pressure buoyancy control infla pressure gauge and alternate air source and dive planning/monitoring device (dive comput chever you are trained to use) when scuba diving. Deny use of my equipment to uncertifi					ition syste er, RDP/di	m, suk ve tabl	omersible	
4.	Listen carefully to dive briefings and directly cognize that additional training is reconductant areas and after periods of inactivity that	nmended fo	or partici						
5.	Adhere to the buddy system throughout every dive. Plan divesin case of separation and emergency procedures – with my bu				mmunications	, procedui	res for	reuniting	
6.	Be proficient in dive planning (dive computer or dive table use a margin of safety. Have a means to monitor depth and time training and experience. Ascend at a rate of not more than 18 A scend F rom E very dive. Make a safety stop as an added precedure or longer.			me underwate 18 metres/60 fe	underwater. Limit maximum depth to my level of metres/60 feet per minute. Be a SAFE diver – S lowly				
7.	Maintain proper buoyancy. Adjust weigh device. Maintain neutral buoyancy while clear for easy removal, and establish bu device (such as signal tube, whistle, mir	e underwate uoyancy wh	er. Be bu	oyant for surfac	ce swimming a	and resting	g. Have	e weights	
8.	Breathe properly for diving. Never breat hyperventilation when breath-hold diving								
9.	Use a boat, float or other surface suppo	ort station, v	wheneve	r feasible.					
10.	Know and obey local dive laws and regu	ulations, incl	uding fis	h and game ar	nd dive flag law	√S.			
	nderstand the importance and purpo ety and well-being, and that failure t							my own
